Sutter County One Stop opens today at a new location in the Gateway Business Center at 950 Tharp Road, Suite 1000, in Yuba City.

The organization has assisted people with finding jobs, training and education since 1984 and will continue to do so in a modern facility. Sutter County One Stop offers an adult education program to help people complete their high school diploma or General Educational Development test. It also offers English-language classes as well as business and health career training through the Tri-County Regional Occupational Program.

The old office was on Wilbur Avenue.
